

1st and 2nd Grade Supply List

I have an abundance of school supplies of which I would like to make use. As a result, you will not see several of the typical supplies on this list. Please resist the urge to send "fun" extras. Each child has a limited storage space, and other items often become distractions. Personalizing notebooks with stickers, and pencils with words of encouragement are welcomed!

I urge parents to send in **one full change of clothes in a plastic bag**. Accidents happen. Kids get wet at recess. Socks get soaked. Science experiments go awry. Children get sick on themselves, and drinks spill.
